Professional Profile

Final-year Cybersecurity Engineering student focused on problem-solving, teamwork, and adaptable learning. Known for strong communication, initiative, and the ability to coordinate with diverse teams. Seeking a graduation internship (PFE) where I can contribute to security operations while strengthening leadership and collaboration skills.

Education

Cybersecurity Engineering   *2023 – Present*
École Polytechnique de Sousse
Bachelor's Degree in Computer Systems Engineering   *2020 – 2023*
ISSAT Mateur, Bizerte

Professional Experience

PROLOGIC Tunisia   *June 2025 – Aug 2025*
Summer Internship

○ Collaborated with security and IT teams to set up a functional SOC lab.

○ Improved incident response workflows through structured communication and task coordination.

○ Strengthened analytical thinking by designing simple detection and automation scenarios.

PROLOGIC Tunisia   *Feb 2023 – June 2023*
Final-Year Internship

○ Worked closely with engineers to deploy a company-wide monitoring platform.

○ Contributed to cross-team technical integration through clear reporting and collaboration.

○ Improved organizational efficiency by standardizing incident follow-up processes.

Certifications

○ FortiManager Administrator 7.6 (2025) (Fortinet)

○ Cisco DevNet Associate (2025) (Cisco)

○ Cisco Network Security (2025) (Cisco)

Core Competencies

○ **Soft Skills:** Leadership, teamwork, communication, adaptability, critical thinking, organization, initiative.

○ **Security Basics:** SOC principles, incident handling awareness, monitoring, documentation.

○ **Technical Foundations:** Networking fundamentals, Linux/Windows basics, Python scripting.

Languages

Arabic (native)   —   French (fluent)   —   English (fluent)

Activities

HR Manager — Securinets EPS (2024 – Present)
Team Lead — HTTF (2025)
Podcast Host Writer — PolyPodcast (2024)
CTF Participant — Securitnets INSAT
